CASH TAKEN IN ROBBERY OF OFFICES

INSURANCE AGENCY CLAIMS
THAT MONEY BOX WAS
BROKEN OPEN

AT NOON YESTERDAY

Caron Oil Station Robbed By
Sneak Thief, Suspect
Is Released

An alleged burglary effected yesterday during the noon hour in the Kankakee agency of the Prudential Insurance company, upstairs at 362 East Court street, was being investigated today by John Stack, chief of police, and Ed Imming, city detective.

According to a report made at police headquarters at 4:30 o'clock yesterday afternoon by Fred Crompecker, an official of the agency, the office was broken into, the safe opened, the money box inside the safe was broken open and between \$50 and \$60 in cash stolen. It is also claimed that the safe and money box was tampered with sometime Sunday but no report to that effect was made to the police yesterday morning.

According to the report made to police, Miss Anita Knittel, 453 South Rosewood avenue, an employee of the agency, discovered the alleged burglary at about 2:40 o'clock yesterday afternoon when she returned from lunch. The robbery must have been effected sometime between 11:45 and 2:40.

This outside door of the establishment, the report says, was forced open with a jimmy. The door to the inner office was found open and had apparently been opened with a skeleton key. No marks were found on the door of the safe and it must have been left unlocked, police believe. The money box inside the safe had been broken into.

Police were told that the safe had been tampered with on Sunday and that the money box showed marks as though attempts had been made to force it open.

The Edward Caron gasoline service station at Washington avenue and Station street was robbed of about \$17.00 just before noon yesterday by an unknown thief who, it is believed, took the money from the cash register while no one was around.

At about 10:30 o'clock, police were informed, Mr. Caron put \$13 in cash in the register, there being several dollars already there. Soon afterward, Mr. Caron left on a brief business errand, leaving M. W. Schumacher, 538 South Myrtle avenue, in charge. Just before noon the attendant was engaged in sprinkling in front of the station and it is believed that the money was stolen while he was so engaged.

The cash register was locked and it is believed that the drawer was opened by means of a secret release. A man who had been seen about the station at about the time of the robbery and taken to police headquarters and questioned, but no evidence was found against him and he was released.

The Packard sedan found in the possession of A. J. Gandy and A. R. Johnson, both of Chicago, who were arrested last Saturday morning after a collision, is a stolen car according to information received last evening by Chief John Stack from the Auto Protection and Information Bureau of Chicago. Officers are expected from Chicago today to take the prisoners and the car back to Chicago.

Yesterday morning the two men entered pleas of guilty to charges of drunkenness and disorderly conduct in the police court and were fined \$25 and costs each. As they had no money to pay their fines, Chief Stack was enabled to hold them until an investigation as to the ownership of the stolen car was completed.

When first arrested the two men claimed that "Irish" Joyce of Paxton was driving the car when the collision occurred, but that he escaped. Police believe that the prisoners made up this story in order to escape the charge of driving a car while drunk.

BOARD DECLINES TO GIVE \$1,200 TO FARM ORGANS

The county board of supervisors yesterday voted down requests of the Home Bureau, Soil and Crop association and the Farmers' Union for appropriations of \$1,200 each for the ensuing year.

Although the board has previously appropriated sums for the Home Bureau, the supervisors decided that they would economize further in the distribution of county funds. They also decided that it would be unfair to other organizations to deny them funds and grant the request of the Home Bureau organization which is financed largely by state and federal funds in addition to membership fees. The board provides the Home Bureau with free offices in the court house.

KING CAROL PUNISHES HIS NEW ENEMIES

ORDERS PROSECUTION OF
THOSE SPEAKING DIS-
RESPECTFUL

FORMING A CABINET

Considerable Doubt As To Whether
Princess Helen Will
Be Reconciled

Bucharest, Rumania, June 10.—(AP)—King Carol professed today to have forgotten the activities of political enemies against him while he was in French exile, but he moved quickly to punish those of his enemies who committed new offenses.

Upon learning that Dr. C. Angelescu, who was minister of education in the last liberal cabinet of Mm. V. and J. Bratianu, had spoken disrespectfully of him at a liberal meeting yesterday, he ordered him prosecuted immediately.

Dr. Kotesescu, mayor of Bucharest, and Dr. Demetrescu Braila, former minister of health, were ordered likewise for similar offenses.

In contrast King Carol ordered that all charges of a pardonable nature against 20,000 persons be quashed.

Meanwhile the new sovereign was engaged in forming a cabinet. Carol first, as a matter of courtesy, asked Professor Nicholas Jorga, his old tutor, but M. Jorga could promise no success and Julia Maniu, resigned peasant premier, was summoned.

After a two-hour conference M. Maniu left Carol's presence visibly cheerful. He said he felt he could find colleagues within 24 hours among his own party. It is still mooted whether the princess mother, Helen, will become reconciled with Carol, which the king desires very much. Latest reports say that Carol will be crowned in October at Alba Julia, without a queen at his side, but attended by his little son, Michael, as prince of Alba Julia.

COMMITTEE WANTS DOCUMENTS ABOUT THE NAVAL TREATY

Washington, June 10.—An effort to obtain some of the confidential documents bearing on the naval treaty, which the administration has declined to produce, was considered today by members of the senate foreign relations committee.

It was proposed that President Hoover be asked to give the committee a list of the papers and, in his opinion, he could without endangering the public interest. The committee executive last week flatly refused to make the documents available to the committee.

The original request was made at the instance of Senator Johnson, Republican, California, who opposed ratification of the pact. He has severely criticized Mr. Hoover and Secretary Baughman for withholding the documents.

The committee was called together today by Chairman Borah for the second meeting of a daily series which is to continue until it takes action on the treaty. Borah is hopeful this would come before the end of the week, with the pact made ready for senate action in ample time for its consideration at the proposed special session.

While opponents and sponsors of the treaty sought additional signatures for round robin and for a general deferring action on the pact and next winter, it was estimated the treaty's foes had obtained from 15 to 30 names.

The Young Republican group was behind the round robin pledging support for immediate action. The list, they number some 20 names, and they were confident of a majority from the independent Republican faction and the old guard Republicans.

WICKERSHAM ON LAW ENFORCEMENT

Boston, June 10.—Prohibition enforcement agencies could find "coastal suggestion" in the experience of England and Wales of better methods of attaining the object of the 18th amendment than those pursued during the last decade, in the opinion of Gov. Wickersham, chairman of the national commission on law observance and enforcement.

A general process of education, new the evils of excessive drinking and the advantages of other forms of innocent amusement have been emphasized in the campaign.

During this year 4000 Gold Star Mothers are expected to make the pilgrimage which continues in 1931 and 1932. They will all be transported aboard American ships to and from Europe.

HENRIETTA DRAZY IS THE OWNER OF ARCADE SHOP

The Arcade Dress Shop, one of the newest ladies' ready-to-wear shops in Kankakee, was opened on March 29 of this year by Miss Henrietta Drazy, whose photograph accompanies this article. The shop is located at 167 East Merchant street, just across the corner from Schuyler avenue, in the Arcade building.

All kinds of ladies' and misses' dresses, suits and coats are sold at the establishment. Every article sells for \$7.70—no more, no less.

One Price—\$7.70
Despite the fact that the store has been in operation only a little more than two months, Miss Drazy is enjoying a brisk business. At this season she is experiencing a fine trade in summer frocks. Although the garments sell for only \$7.70, the materials are of the best and the patterns are up-to-the-minute in style. Some very attractive summer gowns are offered in black, crepe, shantung, georgette and chiffon. There are also suits for golf and sports wear.

Miss Drazy is not a newcomer to Kankakee. In fact, she was born and raised in this community and is one of the most popular young women here. Before starting her present business, she was for three years bookkeeper at the Snowflake Laundry. She is the daughter of Mr. and Mrs. A. E. Drazy, 156 North Fourth avenue. Mr. Drazy is secretary of the Edwin Pratt Sons company, manufacturers of iron work and structural steel.

All Shades, Sizes
Dresses in all sizes, shades and styles may be procured at the Arcade Dress Shop. The establishment is fitted with roomy and secluded dressing rooms where garments may be tried on if desired.

Suits or dresses purchased at the Arcade Dress Shop will be delivered if the customer desires. The telephone number of the shop is Main 1351. If misty so desired, she may phone Miss Drazy, giving the size, style and colors of any garment she may wish to select, and several of these will be brought to her residence where the selection may be made. However, it is much better to step into this novel store and there pick out your own dress from the fine variety on display.

NEW FEATURE STARTS TODAY

Beginning today, and running for thirty consecutive weeks, the Kankakee Daily Republican will issue a "Who's Who in Kankakee" page every week there will be an article concerning some merchant or manufacturer of this community with an accompanying photograph of the individual or his business.

Watch for this page every week. It will appear in the Republican every Tuesday after the initial issue. The merchants whose pictures will appear in connection with articles are all advertisers on this page and merit your patronage. Most of them are men and women who have spent the greater part of their lives in Kankakee and whom you should know more intimately.

Again—Watch for this page every Tuesday evening!

Children's Day Program

The playlet "America the Beautiful" was very splendidly acted out on Sunday evening by the pupils of the Methodist church under the supervision of Mrs. Harry Anderson.

The rostrum of the church being beautifully decorated in red, white and blue bunting and flags made a very fitting background for the little play. The opening song, "America the Beautiful" was rendered by the choir of young people, after which Rev. Roe offered up prayer.

The nations of the world was shown by the children in costume and games were played and songs sang of each country, even down to the Indians which was very pleasing, acted out by little boys in Indian costume. The little mothers with their doll babies also acted out their parts in a very pleasing manner.

Miss Audrey Blaser and Wayne Hertz being the principal speakers and Uncle Sam was very splendidly shown by Mr. Wheeler, but after all the nations had assembled it was agreed by all that they would pay homage to the flag of the U. S. A. and the program was concluded by the audience and children singing the "Star Spangled Banner".

One pleasing feature of the entertainment being the use of the spot light which was thrown on each character as they gave their talk at the close the Japanese ladies with their umbrellas and fans, the English children, Irish, German and Indians all assembled in a large group and the red lights were thrown on during the singing of the Star Spangled Banner which made a very pleasing tableau.

The bride-maid Miss Shirley Hazard entered the parlor just ahead of the bride who entered on her father's arm and was met at the center of the room by the groom and best man Mr. Harold Liberty in front of a bank of ferns, pink and white peonies and cymris. With Miss Bernice Martin playing Lohengrin's wedding march and softly during the ceremony she played "Andantino in D flat" by Edwin LaMare.

Immediately after the ceremony the guests were served with dainty refreshments by six girl friends of the bride as follows: Misses Hattie Kaylor, Eloise McKinstry, Agnes Pravia, Helen Vanzant and Dorris Gibson and Mrs. Dorothy Ohms. Then the bridal party made their get away by a car in waiting and the first they were heard from the groom telephoned from Snyder, Indiana which was a good chance for their friends to give them a good surprise so they all boarded cars and met them at Snyder, Ind., before they took the train again for a trip to Niagara Falls and different points in the east. Upon their return they will go to housekeeping for the summer in a cabin up the

GILMAN

Obituary

George Gattilue Goller was born in Germany, November 23, 1861 and passed away at the home of his son Fred Goller in Gilman, Thursday, June 5, 1930, having attained the age of 69 years, 6 months and 13 days.

Mr. Goller was in failing health for several years and his constant suffering from a skin disease with no outlook for relief is believed to be the motive which prompted him to swallow a portion of poison, on

June 2 in an attempt to end his life. All that medical aid and nursing could do was to delay the poison, but on Thursday morning the end came.

Mr. Goller was united in marriage with Mary Louise Kern in 1884. They had three children, Fred, daughter of this city, and LaSalle and Mrs. Catherine Goller of Chicago and several grandchildren.

Funeral services conducted by Rev. J. Paul Goebel were held at the Zion Evangelical church on Saturday afternoon and interment was in the Gilman City cemetery.

Fashionable Audience

At a special "one-night-only" performance of a new play given recently in London in aid of a charity, the value of the audience was estimated at \$500,000, while the display of jewelry was estimated at \$100,000. Seats were bought for as much as \$1,000 each.

Community Chests

Denver was the first city in the United States to have a community chest for charity. That city instituted a community chest in 1910. Cleveland next adopted the plan in 1913. Since the World War many cities have adopted this plan for raising funds for charity.

These "diving" balls prove that this new motor oil will not thin out...

Just a turn of the hand and you make for yourself one of the most interesting experiments ever made with motor oil. Ask any Standard Oil Service Station attendant to show you the "ball and bottle test".

WHAT HAPPENS in this experiment is very simple. As you turn the bottles upside down, the little metal balls "dive" through the oil to the bottom of each bottle. The heavier the oil the more slowly the ball drops. In oil that is thinned out, the balls fall very quickly.

Watch the bottle containing New ISO-VIS that has gone many hundreds of miles in the crankcase. You will see that it actually is as heavy as the fresh oil. New ISO-VIS is the only motor oil that will not thin out in the crankcase of your car.

But New ISO-VIS does more than end the danger caused by oil "thinning out". It lubricates better at extremes of temperature, and deposits far less carbon. Actual tests show that New ISO-VIS leaves a carbon deposit 50% less than the average deposit of the better grade oils tested.

New ISO-VIS is now on sale at all Standard Oil dealers and service stations.

THE SMALL carbon deposit of New ISO-VIS, at the left, is compared here with that of a popular premium-priced motor oil. Consider the saving in time, trouble and money that New ISO-VIS will bring you.

SOME OILS are satisfactory at high temperatures, others at low temperatures. But New ISO-VIS lubricates correctly over the complete range of engine temperatures.

New **ISO=VIS** 30 SAE
Motor Oil

The New Polarine also is produced by our new refining process—giving it a degree of lubricating efficiency which we believe is exceeded only by the New ISO-VIS. The price is 25c a quart.
